

Your Benefits:

- ✓ Easy to use
- ✓ Safe for Manipulation
- ✓ Laser Printed Serial Number
- ✓ Strong Steel Locking Mechanism

The inotronix plastic seal are designed for a perfect traceability of your products. Once the plastic seal is locked, it can only be opened with heavy force. This prevents theft of your goods or product piracy.

With the individual and unique serial number you can make sure at the destination that your shipment was not opened during the transport. The serial numbers are laser printed. It is impossible to manipulate the seal without damaging it.

Applications:

- ✓ Small Cargo Container
- ✓ Luggage and Bags
- ✓ Sea Container
- ✓ POS Security
